

Kezie Healthy Exotic Meats

Gray's Butchers

What exotics do we offer?

We stock a huge selection of superb genuinely wild exotic meats, game, fish and seafood. We've got everything from Antelope to Zebra!

Our Exotic meats and game are cut, trimmed, made and packed by hand to the highest standard and then frozen to lock in the taste, nutrients and natural juicy goodness!

Where our exotic meats come from.

The range of award winning exotic meats, game and seafood we offer comes from all over the world and rest assured they're carefully sourced from ranches and suppliers who actively participate in environmental programmes, from culls in game farms to breeding programmes, thus helping to maintain the natural wildlife population levels. It is important to assure you that wherever our meats and fish are sourced from they are offered with an understanding of their environmental and welfare implications.
